

Dr. Laura Graye C.E.M., M.S.,

“I call upon Dr. Graye's intuitive insight in joint sessions with my clients. She never disappoints, and always finds the missing piece in complex cases.”

Tamara Luck, RDN, LDN

Laura's mission

Dr. Graye devotes herself to helping professional leaders and personal clients recognize the meaningful role metaphysics plays in ALL our lives and how we can tap into consciousness to improve any situation we face.

Regardless of the industry, professional pathway, or one's daily life experiences, each and every person is asked to raise their level of consciousness in service to human evolution. As a metaphysician, she applies her expertise in this space to the assistance of these humanitarian goals.

“Dr. Graye is phenomenal! Her unfailing intuitive perception has pinpointed several tricky health issues with my daughter, which, with Dr. Graye's brilliant problem/solution mapping, we were able to resolve more thoroughly than conventional medicine.”

Amy Mercury

Dr. Graye received a doctorate in natural medicine, a masters of science in veterinary medicine, a certification in energy medicine, and a P.h.D.; focused on consciousness and quantum medicine.

Dr. Laura Graye's clinical practice

Medical Intuitive

A thorough intuitive scan identifying physical/mental conditions with a high priority to the root-cause issue.

Metaphysician Councelling

This is an upgrade from traditional individual or couples therapy as I provide another layer of intuitive and consciousness counseling.

Intuitive Training

Untrained and/or unrecognized intuitive power is one of the leading undiagnosed issues in mental and emotional health today.

For Practitioners

Through a collaborative approach we can uncover more layers of your patient's physical or mental issues.

Animal Communication

Intuitive therapy for animals provides them with a loving translation of their physical and emotional needs.

“My horse, Sophie, had three vets advising me to euthanize her. Dr. Graye immediately connected with Sophie and informed me that she was not ready to give up yet. So after following Lauras instructions she got better to a point where the vets could treat Sophie who is now living a healthy, happy life.”
